

#EmbraceNW with Sir John Jones

UNITING & DEVELOPING STUDENTS, SCHOOLS & TEACHERS
WITH A PASSION FOR ORACY

MONDAY 14TH OCTOBER 2019 5PM – 7PM

#Embrace is a week, long celebration of young people's voices in our school. Students in year seven follow a discrete curriculum for Oracy focussing on classroom talk and presentational talk. The curriculum culminates in this week where 225 year 7 students share speeches about subjects that they are passionate about. This work was inspired School21 and their Ignite weeks and Oracy curriculum as well as Voice21 and their national campaign for Oracy.

We want to develop further opportunities for young people in the North West to showcase their skills and for teachers to meet up and talk with like minded professionals about Oracy and dialogic teaching. We are inviting you to join us for a twilight session at our school where we will:

- Hear speeches from the young people of the North West
- Provide opportunities for networking with other schools
- Hear commendations on the students' speeches and a plenary keynote from Sir John Jones

Our aim is for teachers from the North West to attend with students who are willing to share speeches or for teachers to attend to see the power of the spoken curriculum. If you are interested in attending this event as a teacher with an interest in Oracy or as a teacher with students, please contact Rebecca.Tulloch@salford.gov.uk for further information asap.
